

Appendix 6

Waste operation Transfer of Waste: non-biodegradable		
Description of the Waste Operation	Relevant Technical Guidance Note	Document Reference
Materials recycling	How to comply, Fire prevention and mitigation plan guidance - Waste	
Household waste amenity	How to comply, Fire prevention and mitigation plan guidance - Waste	
Storage pending disposal or recovery	How to comply, Fire prevention and mitigation plan guidance - Waste	

Waste operation Transfer of Waste: hazardous		
Description of the Waste Operation	Relevant Technical Guidance Note	Document Reference
Materials recycling	How to comply, Fire prevention and mitigation plan guidance - Waste	
Household waste amenity	How to comply, Fire prevention and mitigation plan guidance - Waste	
Storage pending disposal or recovery	How to comply, Fire prevention and mitigation plan guidance - Waste	

Waste operation Treatment of waste: physio-chemical		
Description of the Waste Operation	Relevant Technical Guidance Note	Document Reference
Materials recycling	How to comply, Fire prevention and mitigation plan guidance - Waste	
Household waste amenity	How to comply, Fire prevention and mitigation plan guidance - Waste	
Storage pending disposal or recovery	How to comply, Fire prevention and mitigation plan guidance - Waste	

Waste operation Storage pending disposal or recovery D15 and R13		
Description of the Waste Operation	Relevant Technical Guidance Note	Document Reference
Materials recycling	How to comply, Fire prevention and mitigation plan guidance - Waste	

Household waste amenity	How to comply, Fire prevention and mitigation plan guidance - Waste	
Storage pending disposal or recovery	How to comply, Fire prevention and mitigation plan guidance - Waste
