### Section 1 – Compliance Assessment Summary

This is based on the requirements of the permit under the Environmental Permitting Regulations. A detailed explanation is captured in "Compliance Assessment Report Detail" (Section 2) and any actions you may need to take are given in the "Action(s)" (section 4). This summary details where we believe any non-compliance with the permit has occurred, the relevant condition and how the non-compliance has been categorised using our Compliance Classification Scheme (CCS). CCS Scores can be consolidated or suspended where appropriate, to reflect the impact of some non-compliances more accurately. For more details of our CCS scheme, contact your local office.

| Permit conditions and compliance summary | CCS Category      | Condition(s) breached |
|------------------------------------------|-------------------|-----------------------|
| F2 - Amenity - Noise                     | C3 -<br>Suspended | 6.3.1                 |

**KEY:** See Section 4 for breach categories, suspended scores will be indicated as such.

**A** = Assessed or assessed in part (no evidence of non-compliance), **N** = Not Assessed, **X** = Action only

|                             |   |                                                              |   |
|-----------------------------|---|--------------------------------------------------------------|---|
| Number of breaches recorded | 1 | Total compliance score<br>(see section 5 for scoring scheme) | 0 |
|-----------------------------|---|--------------------------------------------------------------|---|

If the Number of breaches recorded is greater than zero, please see Section 3 for our proposed enforcement response

## Section 2 – Compliance Assessment Report Detail

This section contains a report of our findings and will usually include information on:

- The part(s) of the permit that were assessed (eg. Maintenance, training, combustion plant, etc)
- Where the type of assessment was 'Data Review' details of the report/results triggering the assessment
- Any non-compliances identified
- Any non-compliances with directly applicable legislation
- Details of any multiple non-compliances
- Information on the compliance score accrued inc.
- Details of advice given
- Any other areas of concern
- Any actions requested
- Any examples of good practice
- A reference to photos taken

This Compliance Assessment Report (CAR) has been completed following a WIRS (Wales Incident Reporting System) being received on the 22nd March 2016 WIRS ref 1601162 of noise being detected off site.

The report was forwarded to Chris Fender of Swansea City Waste Disposal Company for them to undertake internal investigations. the following findings were submitted on 23rd March 2016:

**From:** Fender, Chris [<mailto:Chris.Fender@swansea.gov.uk>]

**Sent:** 23 March 2016 16:35

**To:** Thomas, Ffion <[Ffion.Thomas@cyfoethnaturiolcymru.gov.uk](mailto:Ffion.Thomas@cyfoethnaturiolcymru.gov.uk)>

**Cc:** 'Martin Rees' <[martin.rees@swanseawaste.co.uk](mailto:martin.rees@swanseawaste.co.uk)>

**Subject:** RE: WIRS incident report - noise at Clyne CA

Ffion

I can confirm the site noise log has 2 incidents recorded Sunday 22<sup>nd</sup> March

- 10:00am a vague description referring to some empty paint cans thrown into a skip, the supervisor has instructed staff going forward for more detailed information to be recorded
- 15:35 the scrap metal skip was emptied, an empty container generally makes more noise, we are currently making arrangements to restrict loading from a height until there is base layer deposited first. This will be achieved by the installation of a demountable fence mounted above the handrail and a written instruction how the container is to be manually loaded.

Regards

Chris Fender.

**Subject:** WIRS incident report - noise at Clyne CA

Good afternoon Chris,

Today we received the following report related to noise from the Clyne CA site:

*"This incident took place throughout the opening hours on Sunday 20th March consisting of loud bangs of*

*waste being thrown into steel skips from height by both site operatives and the public”*

Please undertake your investigations and report back your findings to me.

NOTE: As you are aware I have taken over as the site regulatory officer for Clyne CA and so will be contacting you in due course as a formal introduction

Regards

Ffion

The site is currently under a reg 36 Enforcement Notice to come into compliance and as such this breach has had the score suspended. Should the operator fail to comply with the enforcement notice this CAR assessment will be reviewed and the score suspension may be lifted.

No further action is required at this time under this CAR form but you are required to continue to meet the requirements of the reg 36 enforcement notice issued in relation to noise management at the site.

### Section 3 – Enforcement Response

You must take immediate action to rectify any non-compliance and prevent repetition. Non-compliance with your permit conditions constitutes an offence and can result in criminal prosecutions and/or suspension or revocation of a permit. Please read the detailed assessment in Section 2 and the steps you need to take in Section 4 below.

Other than the provision of advice and guidance, at present we do not intend to take further enforcement action in respect of the non-compliance identified above. This does not preclude us from taking enforcement action if further relevant information comes to light or advice isn't followed.

### Section 4 – Action(s)

This section summarises the actions identified during the assessment along with the timescales for when they will need to be completed.

| Criteria Ref.       | CCS Category | Action required/advised                                                                           | Due Date   |
|---------------------|--------------|---------------------------------------------------------------------------------------------------|------------|
| See Section 1 above |              |                                                                                                   |            |
| F2                  | C3           | improve management systems on site to reduce noise. Site already under notice. No further action. | 14/04/2016 |

## Section 5 – Compliance notes for the Operator

To ensure you correct actual or potential non-compliance we may

- Advise on corrective actions verbally or in writing
- Require you to take specific actions verbally or in writing
- Issue a notice
- Require you to review your procedures or management system
- Change some of the conditions of your permit
- Decide to undertake a full review of your permit

Any breach of a permit condition is an offence and we may take legal action against you

- We will normally provide advice and guidance to assist you to come back into compliance either after an offence is committed or where we consider that an offence is likely to be committed. This is without prejudice to any other enforcement response that we consider may be required.
- Enforcement action can include the issue of a formal caution, prosecution, the service of a notice and/or suspension or revocation of the permit.

**See our Enforcement and Civil Sanctions guidance for further information**

This report does not relieve the site operator of the responsibility to

- Ensure you comply with the conditions of the permit at all times and prevent pollution of the environment
- Ensure you comply with other legislative provisions which may apply

### Non-compliance scores and categories

| CCS category | Description                                                          | Score |
|--------------|----------------------------------------------------------------------|-------|
| C1           | A non-compliance that could have a major environmental effect        | 60    |
| C2           | A non-compliance which could have a significant environmental effect | 31    |
| C3           | A non-compliance which could have a minor environmental effect       | 4     |
| C4           | A non-compliance which has no potential environmental effect         | 0.1   |

**Operational Risk Appraisal (Opra)** - Compliance assessment findings may affect your Opra score and/or your charges. This score influences the resource we use to assess permit compliance.

## Section 6 – General information

### Data protection notice

The information on this form will be processed by the Natural Resources Wales (NRW) to fulfil its regulatory and monitoring functions and to maintain the relevant public register(s). The NRW may also use and/or disclose it in connection with:

- Offering/providing you with its literature/services relating to environmental matters
