Unannounced site inspection conducted by Michael Edwards and accompanied by David Ellar and Laura Philips of NRW, accompanied by staff member of Enviroventure Waste Solutions Ltd.

As the visit was unannounced we were unable to undertake a full site inspection of the ELV yard as the garage was locked and staff on site were unable to open it at that time.

However, site perimeter looked to be in good condition and the yard surrounding the depollution garage was kept clean and tidy with no signs of depollution being undertaken outside of permitted area.

Operator has also sent copies of WAMITAB certification.

Many thanks for your time during the visit.
