Introductory note

This introductory note does not form a part of the notice.

The following notice gives notice of the variation and consolidation of an environmental permit.

This variation is to remove D15: Storage pending any of the operations number D1 – D14 (excluding temporary storage, pending collection, on the site where it is produced) from table S1.1 activities, as this is not required by the operator.

No other changes are to be made to the permit.

The schedules specify the changes made to the permit.

The status log of a permit sets out the permitting history, including any changes to the permit reference number.
