It has been noted that this site has been non-operational for over two years. However, the Environmental Permit is still in place and as a result an annual inspection must be undertaken by Natural Resources Wales.

No non-compliances with the permit were recorded.

Site Security

On the day of the inspection the yard was empty and the site was locked securely. There were no waste materials or waste storage operations taking place on site in the yard. The de-pollution bay was closed and appeared to be securely locked.

Permit Surrender

An annual subsistence fee is paid to retain this permit. If you would like to discuss the potential surrender of this permit please contact me on the details below;
