Officer Alex BOWDER attended KDK Metals Ltd, NP44 1EE at 10:30 on Monday 21st January 2019 to carry out a routine inspection of permit **EPR-AB3797ZE**. Met with business Director Paul Dare and Accounts Manager Helen Dare. Walked around the permitted area and discussed operations - weather conditions were cold and dry at the time of visit.

GENERAL OBSERVATIONS

Sawdust had been deployed on the floor at various points across the yard to assist with vehicle wheel grip on the surface. Removed vehicle batteries are stored in an appropriate container.

Depolluted engines parts are stored inside the unit and all depolluting / dismantling of vehicles takes place indoors and benefits from an impermeable surface.

CCTV is in place which assists with site security. It was mentioned that the business may install an intercom at the front gates to prevent members of the public from wandering into the yard unknown.

No issues with the drainage system or infrastructure noted.
