Introductory note

This introductory note does not form a part of the notice

The following notice gives notice of the variation of an environmental permit.

Addition of waste codes 16 01 03 (end-of-life tyres) and 17 01 07 (mixtures of concrete, bricks, tiles and ceramics other than those mentioned in 17 01 06) to licensed waste types accepted at this site.

20 02 03 (other non-biodegradable wastes) was not added to the permit because the site is already permitted to accept waste under this code. Rubble waste can be accepted under code 20 02 03 already, therefore the requested change in relation to this code is not necessary.

The schedules specify the changes made to the original permit.

The status log of a permit sets out the permitting history, including any changes to the permit reference number.
