Routine site inspection conducted by Environment Officer Leon Williams accompanied by Operator Robin Davies.

A reduction in waste piles was observed since the previous inspection conducted at Coed Bolyn Mawr. Mr Davies has recently purchased a new screener and crusher which is aiding waste processing on site.

The watercourse which runs adjacent to the site's boundary was inspected and seen to be running clear with no traces of contaminants near the river identified. Please ensure that all waste is stored appropriately to avoid suspended solids running off and entering this watercourse.

A collection of waste transfer notes were inspected on site, all were duly made with no issues identified.

Please also ensure that all waste deposited and stored on site remains within the boundary as highlighted in the site's environmental permit.

Thank you for your co-operation during the inspection.
