

Schedule 5 - Notification

TIR0203 01/03/2022

Part A

Permit Number	JB3597TN		
Name of Operator	Enovert South Ltd on behalf of City and County of Swansea		
Location of Installation	Tir John Landfill, Wern Terrace, Off Fabian Way, Swansea, SA1 8PA		
Time and date of the detection	February 2022		
(b) Notification requirements for the breach of a limit (within 24 hours unless otherwise agreed)			
Emission point reference/ source	Leachate Head above Surveyed Base >1m		
Parameter(s)	Sample Point	Date	Leachate Head (m)
Limit	TIR HWM05A	24/02/2022	1.79
Measured value and uncertainty	TIR HWM05A	28/02/2022	1.69
Date and time of monitoring	TIR HWM07	24/02/2022	1.25
	TIR HWM07	28/02/2022	1.1
	TIR HWM09A	24/02/2022	Dry
	TIR HWM09A	28/02/2022	2.98
	TIR HWM11	24/02/2022	2.49
	TIR HWM11	28/02/2022	2.24
	TIR HWM12	24/02/2022	6.18
	TIR HWM12	28/02/2022	5.95
	Measures taken, or intended to be taken, to stop the emission	Not applicable as no emission is considered to be occurring.	

Part B to be supplied as soon as practicable

Any more accurate information on the matters for notification under Part A.	A breach of the compliance limit was detected upon review of the dipping data.
Measures taken, or intended to be taken, to prevent a recurrence of the incident	Final capping and restoration work have been completed, this should minimise the amount of rainfall infiltration into the waste mass and reduce leachate levels with time.
Measures taken, or intended to be taken, to rectify, limit or prevent any pollution of the environment which has been or may be caused by the emission	Breaches of compliance have previously been identified for HWM9a. Explanations for these leachate levels recorded in HWM9a have been provided in those previous SC5's. Breaches of compliance have also been previously identified for HWM11, since the repair of the monitoring point in February 2019, the leachate heads in HWM11 have been around 2m. The HRA Review and IC12 (a review of the leachate limits) was submitted to NRW on 23rd September 2021. Enovert are awaiting the response. Most of the wells are below the proposed limits and therefore we do not consider these wells as breaches.
The dates of any unauthorised emissions from the installation in the preceding 24 months.	See previous notifications.
Name*	Elizabeth Forrest
Post	Environmental Data Analyst
Date	01/03/2022
