Comments

Area within which Roadrunners operate has now been reduced in size. This is due to neighbouring business Lock Stock renting the land at the back of the site. This area has now been fenced off. The area of land that is now being rented by Lock Stock remains part of the permitted area and will remain as such unless a partial surrender is applied for. Only the permit holder should carry out the permitted waste activities within the site boundary.

Only 1 undepolluted ELV on site that was being stored on a concreted area. All other vehicles on site are either being sold, being serviced or are to be repaired and then sold.

No issues observed on site during inspection.

Section 3- Enforcement Response **Only one of the boxes below should be ticked**

You must take immediate action to rectify any non-compliance and prevent repetition.
Non-compliance with your permit conditions constitutes an offence and can result in criminal prosecutions and/or suspension or revocation of a permit. Please read the detailed assessment in Section 2 and the steps you need to take in Section 4 below.

Other than the provision of advice and guidance, at present we do not intend to take further enforcement action in respect of the non-compliance identified above. This does not preclude us from taking enforcement action if further relevant information comes to light or advice isn't followed.	
In respect of the above non-compliance you have been issued with a warning. At present we do not intend to take further enforcement action. This does not preclude us from taking additional enforcement action if further relevant information comes to light or offences continue.	
We will now consider what enforcement action is appropriate and notify you, referencing this form.	

Section 4- Action(s)

Where non-compliance has been detected and an enforcement response has been selected above, this section summarises the steps you need to take to return to compliance and also provides timescales for this to be done.

Section 5 - Compliance notes for the Operator

- We will normally provide advice and guidance to assist you to come back into compliance either after an offence is committed or where we consider that an offence is likely to be committed. This is without prejudice to any other enforcement response that we consider may be required.
- Enforcement action can include the issue of a formal caution, prosecution, the service of a notice and or suspension or revocation of the permit.
