Introductory note

This introductory note does not form a part of the notice.

The following notice gives notice of the variation and consolidation of an environmental permit.

This is an operator initiated variation to increase the maximum annual waste quantity to 24,999 tonnes, to include additional waste codes, extend the site boundary and to modernise and consolidate the permit.

The schedules specify the changes made to the permit.

The status log of a permit sets out the permitting history, including any changes to the permit reference number.
