From the submitted waste returns the totals below have been calculated

2014 calendar year – 5337 tonnes of incoming waste

Your current permitted limit is 5000 tonnes of waste per calendar year.

The above non-compliance has been recorded due to the exceedance of permitted waste quantities. If you are to continue to accept waste at your current rate you need to vary your permit to increase the quantity of waste permitted.

Information, applications forms and guidance notes on varying existing permits can be found on our website www.naturalresourceswales.gov.uk and by using the following file path - Homepage > Apply for a permit > Waste > Waste permitting > Apply to vary (change) a permit for waste operations.

Please advise me of your intentions regarding any variation by the 31 May 2016
