Dear Mr Williams

Compliance Inspection 6 July - non compliance under The Environmental Permitting Regulations (England and Wales) 2010

I write to confirm my discussions with you during the inspection. Thank you for confirming your current stocking rate of 210,00 birds which at the time of my inspection were 21 days old.

I understand, that Faccenda submitted an application to vary your permit for the increased bird numbers on your behalf. This variation arrived at our Permitting Support Centre on the 29th June 2010 which is approximately 2 weeks after the chicks were placed.

This is a **breach (condition 2.3.2)** of your permit under the above regulations attracting a **category 3 score**. I enclose the scoring guidance for your information on how this and any possible future scores may affect your subsistence fees.

If you require any further assistance please contact me on the number given below.

Yours sincerely

NICHOLA SALTER
Senior Environment Officer- Agriculture
