Dear Mrs. Williams

Pig and Poultry Assurance Scheme: Compliant inspection

Farm Name: Ty Newydd Environmental Permit Number: XP3636MR

Thank you for taking part in the inspection by your Farm Assurance Certification Body, on 12th June 2013.

I am pleased to confirm that at the time of inspection you were compliant with your permit.

For information, the following breach was assessed by your Certification Body as 'requirement not met', but we have assessed it as compliant as detailed below:

- *Permit condition 3.1 – Point source emissions. The new heat exchanger is not listed in the permit as a point source emission. This can be rectified in a permit variation the next time there is a need to vary the permit for other reasons, so this will not be recorded as a breach.*

Your farm will continue to remain in the scheme for the next scheme year beginning on 1 April 2014.

Please contact me, if you have any questions about this letter.

Yours sincerely

Christopher Gardener
