
Site Management Details - Document Ref: 2128B/Transfer

1. South West Wood Products Limited is taking over the wood recycling operation at the former JR Steel Works at Llangyfellach operated by Griffiths Waste Management Ltd, permit reference no NP3699VX.
2. No changes are proposed to the operations, the same licensed activities (R3, R5 and R13) will continue and there are plans to make any changes to the waste types currently permitted at the site. No changes are proposed to the site boundaries or the site infrastructure.
3. The site will be operate as per the current management system and fire which will be reviewed in due course with any futures changes subject to discussion and agreed with the local permitting officer as appropriate.
4. SWWP will bring in their own management staff to oversee the site but it is anticipated that the current employees will be retained including the competency provided by Reginal Griffiths. Processing operations involving the screening, shredding and chipping of the waste wood will continue as at present using the same type of mobile plant.
5. SWWP, as a company, has no convictions for any environmental offences and has a sound financial standing.
