Introductory note

This introductory note does not form a part of the notice.

The following notice gives notice of the variation and consolidation of an environmental permit.

This is a regulator led consolidation of the permit to reflect the definitive closure status of the site. It confirms that:

- waste can no longer be accepted for disposal
- approved waste may be accepted for restoration purposes
- the site must be operated in accordance with the approved closure and aftercare plan (as set out in Table S1.2 of the consolidated permit)

The schedules specify the changes made to the permit.

The status log of a permit sets out the permitting history, including any changes to the permit reference number.
