| Recipient's name/position    | Lisa Sumner/ Technical Manager<br>Permitting / compliance | Date issued | 14/02/2019 |     |       |

### Section 1 – Compliance Assessment Summary

This is based on the requirements of the permit under the Environmental Permitting Regulations or the licence under the Water Resources Act 1991 as amended by the Water Act 2003. A detailed explanation is captured in "Compliance Assessment Report Detail" (Section 2) and any actions you may need to take are given in the "Action(s)" (section 4). This summary details where we believe any non-compliance with the permit has occurred, the relevant condition and how the non-compliance has been categorised using our Compliance Classification Scheme (CCS). CCS Scores can be consolidated or suspended where appropriate, to reflect the impact of some non-compliances more accurately. For more details of our CCS scheme, contact your local office.

| Permit conditions and compliance summary                                                                       | CCS Category | Condition(s) breached |
|----------------------------------------------------------------------------------------------------------------|--------------|-----------------------|
| A1 - Specified by permit                                                                                       | A            |                       |
| B1 - Infrastructure - Engineering for prevention and control of emissions                                      | C3           | 2.3.1                 |
|                                                                                                                | C3           | 2.3.1                 |
| B3 - Infrastructure - Site drainage engineering (clean and foul)                                               | A            |                       |
| D1 - Incident Management - Site security                                                                       | A            |                       |
| F1 - Amenity - Odour                                                                                           | A            |                       |
| F2 - Amenity - Noise                                                                                           | A            |                       |
| F3 - Amenity - Dust/fibres/particulates and litter                                                             | A            |                       |
| F4 - Amenity - Pests/birds and scavengers                                                                      | A            |                       |
| F5 - Amenity - Deposits on road                                                                                | A            |                       |
| G4 - Monitoring and Records, Maintenance and Reporting - Reporting and notification to Natural Resources Wales | A            |                       |

**KEY:** See Section 5 for breach categories, suspended scores will be indicated as such.

**A** = Assessed or assessed in part (no evidence of non-compliance), **X** = Action only,

**O** = Ongoing non-compliance, not scored.

|                                    |          |                                                                     |          |
|------------------------------------|----------|---------------------------------------------------------------------|----------|
| <b>Number of breaches recorded</b> | <b>2</b> | <b>Total compliance score</b><br>(see section 5 for scoring scheme) | <b>8</b> |
|------------------------------------|----------|---------------------------------------------------------------------|----------|

If the Number of breaches recorded is greater than zero, please see Section 3 for our proposed enforcement response

## Section 2 – Compliance Assessment Report Detail

This section contains a report of our findings and will usually include information on:

- The part(s) of the permit that were assessed (eg. Maintenance, training, combustion plant, etc)
- Where the type of assessment was 'Data Review' details of the report/results triggering the assessment
- Any non-compliances identified
- Any non-compliances with directly applicable legislation
- Details of any multiple non-compliances
- Information on the compliance score accrued inc.
- Details of advice given
- Any other areas of concern
- Any actions requested
- Any examples of good practice
- A reference to photos taken

### Monitoring data

Q3 and Q4 data received and reviewed. Proposals previously provided for re-placing / re-instating monitoring defective infrastructure (landfill gas and groundwater points) which are now overdue.

Landfill gas management plan to be reviewed, to include provision of FID surveys (received as part of Q4 data)

Also noted that unable to locate some monitoring points.

Please provide update with timescales for completing works by dates on CAR form, or otherwise agreed.

### Annual report

2018 Annual report received and reviewed.

### Waste returns

Q3 and Q4 received and reviewed - nil returns.

The site remains temporarily closed for waste acceptance until the agreed improvement works have been carried out.

### CQA Plan (Replacement Groundwater boreholes)

We have reviewed Sirius Environmental CQA Plan ref TA1046/02 Rev2 dated December 2018 and are satisfied with the construction proposals.

### Site inspection 29th Jan

The landfill is presently mothballed and not accepting waste. A bund of rubble is in place preventing access.

Brief discussion with site manager on appointment of contractor to construct the trial pad, (AEGB) and for the two replacement down-gradient groundwater monitoring points. Ongoing non-compliance of monitoring points considered CCS3. Tarmac have advised us they aim to complete the boreholes in this first quarter. **We consider this is a priority in order to demondtrate requisite surveillance, and before waste inputs can resume.**

We attempted to check the discharge soakaway from the main road. This appears as a hollow within a wooded part of the site, with visible sediment deposits. Refer to accompanying photos. Soakaway volumes and parameters are the subject of a permit variation app, and likely to require updating / improvements in overall standard.

Photo 1 showing area of soakaway

Photo 2 showing area of soakaway

## EPR Compliance Assessment Report

**Report ID:  
CAR\_NRW0034127**

**This form will report compliance with your permit as determined by an NRW officer**

|                        |                        |            |            |
|------------------------|------------------------|------------|------------|
| Site                   | Hendy Quarry Landfill  | Permit Ref | KP3795FU   |
| Operator/Permit holder | Tarmac Trading Limited | Date       | 29/01/2019 |

### Section 3 – Enforcement Response

You must take immediate action to rectify any non-compliance and prevent repetition. Non-compliance with your permit conditions constitutes an offence and can result in criminal prosecutions and/or suspension or revocation of a permit. Please read the detailed assessment in Section 2 and the steps you need to take in Section 4 below.

### Section 4 – Action(s)

This section summarises the actions identified during the assessment along with the timescales for when they will need to be completed.

| Criteria Ref.       | CCS Category | Action required/advised                                                                                                   | Due Date   |
|---------------------|--------------|---------------------------------------------------------------------------------------------------------------------------|------------|
| See Section 1 above |              |                                                                                                                           |            |
| B1                  | C3           | Replace bungs and improve access to sampling points as soon as practicable. Separate action to review LFG management plan | 31/12/2018 |
| B1                  | C3           | Replace down gradient monitoring boreholes by due date or otherwise agreed                                                | 31/12/2018 |

## Section 5 – Compliance notes for the Operator

To ensure you correct actual or potential non-compliance we may

- Advise on corrective actions verbally or in writing
- Require you to take specific actions verbally or in writing
- Issue a notice
- Require you to review your procedures or management system
- Change some of the conditions of your permit
- Decide to undertake a full review of your permit

Any breach of a permit condition is an offence and we may take legal action against you

- We will normally provide advice and guidance to assist you to come back into compliance either after an offence is committed or where we consider that an offence is likely to be committed. This is without prejudice to any other enforcement response that we consider may be required.
- Enforcement action can include the issue of a formal caution, prosecution, the service of a notice and/or suspension or revocation of the permit.

**See our Enforcement and Civil Sanctions guidance for further information**

This report does not relieve the site operator of the responsibility to

- Ensure you comply with the conditions of the permit at all times and prevent pollution of the environment
- Ensure you comply with other legislative provisions which may apply

### Non-compliance scores and categories

| CCS category | Description                                                          | Score |
|--------------|----------------------------------------------------------------------|-------|
| C1           | A non-compliance that could have a major environmental effect        | 60    |
| C2           | A non-compliance which could have a significant environmental effect | 31    |
| C3           | A non-compliance which could have a minor environmental effect       | 4     |
| C4           | A non-compliance which has no potential environmental effect         | 0.1   |

**Operational Risk Appraisal (Opra)** - Compliance assessment findings may affect your Opra score and/or your charges. This score influences the resource we use to assess permit compliance.

## Section 6 – General information

### Data protection notice

The information on this form will be processed by the Natural Resources Wales (NRW) to fulfil its regulatory and monitoring functions and to maintain the relevant public register(s). The NRW may also use and/or disclose it in connection with:

- Offering/providing you with its literature/services relating to environmental matters
- Consulting with the public, public bodies and other organisations (eg. Health and Safety Executive, local authorities) on environmental issues
- Carrying out statistical analysis, research and development on environmental issues
- Providing public register information to enquirers
- Investigating possible breaches of environmental law
- Assessing customer service satisfaction and improving its service
- Freedom of Information Act/Environmental Regulations request

The NRW may pass it on to its agents/representatives to do these things on its behalf. You should ensure that any persons named on this form are informed of the contents of this data protection notice.

### Disclosure of information

The NRW will provide a copy of this report to the public register(s). However, if you consider that any information contained in this report should not be released to the public register(s) on the grounds of commercial confidentiality, you must write to your local area office within fifteen working days of receipt of this form indicating which information it concerns and why it should not be released, giving your reasons in full.

### Customer charter

#### What can I do if I disagree with this compliance assessment report?

If you are unable to resolve the issue with your site officer, you should firstly discuss the matter with officer's line managers using the informal appeals procedure. If you wish to raise your dispute further through our official Complaints and Commendations procedure, phone our general enquiry number 0300 065 3000 (Mon to Fri 08.00 – 18.00) and ask for the Customer Contact team or send an email to [enquiries@naturalresourceswales.gov.uk](mailto:enquiries@naturalresourceswales.gov.uk). If you are still dissatisfied you can make a complaint to the Public Services Ombudsman for Wales. For advice on how to complain to the Ombudsman phone their helpline on 0845 607 0987.

#### Welsh Language

If you would like this form in Welsh please contact your Regulatory Officer.
