CONTROL OF POLLUTION ACT, 1974.

Imperial Metal Industries (Kynoch) Limited, Waunarlwydd - Landfill Site.

1. Solid wastes only to be deposited on site.
2. Tipping to be confined to the hours of daylight.
3. Adequate supervision necessary during working hours.
4. All large articles such as furniture, crates and hollow containers likely to cause voids shall be crushed, broken up or flattened and covered each day by other wastes in such a position that they are not within one metre (3 feet) of the surface or two metres (6 feet) of the flanks or face.
5. Not less frequently than once a week any loose waste which may be lying on the site shall be gathered and disposed of in such a way as to keep the site tidy.
6. Site to be worked section by section only so as to keep site tidy.
7. No waste material shall be burnt within the boundaries of the site, and a fire at the site shall be regarded as an emergency and immediate action shall be taken to extinguish it. All outbreaks of fire shall be notified forthwith to the disposal authority.
8. Pyrophoric metal swarf to be burnt only in incinerator and under supervision of the work's fire brigade.
9. Precautions shall be taken to deal effectively with any vermin and insects on the site.
10. A record shall be kept of the types and quantities of waste deposited.
- X 11. Asbestos wastes in small quantities to be buried in labelled plastic bags to a depth of 2 metres. Notification will be necessary to the Waste Disposal Authority under Section 17 of the Control of Pollution Act 1974 or the Deposit of Poisonous Wastes Act, 1972.
12. The deposit of toxic wastes is prohibited.
13. The terms of the site licence shall be made known to any person who is given responsibility for the management or control of the site and a copy of this shall be displayed at the site control office.
14. Until final restoration, completed areas of landfilling shall be graded and maintained in a tidy condition and where necessary action shall be taken to control or destroy weeds.
15. The final layer deposited shall be subject to the minimum compaction and shall to a depth of 15 - 25 centimetres (6 - 10 inches), be kept free of materials likely to interfere with final restoration or subsequent cultivation.
16. Not less than 14 days notice shall be given to the Waste Disposal Authority of the date on which land-filling is to commence or re-commence in the event of a temporary cessation for a period in excess of three months.

17. Any temporary cessation of operations for a period in excess of three months shall be notified to the Waste Disposal Authority.

The issue of this licence does not lessen the need to comply with other legislation, i.e. the Health and Safety at Work Act, 1974, the Radioactive Substances Act, 1960, Planning, Water Protection and Environmental Health legislation.
