Date: 28th of July 2008

Dear Messrs Wittingham

Pollution Prevention and Control (England and Wales) Regulations 2000

Improvement Conditions

As you will be aware you are required under your PPC permit to complete a review of the site drainage at your installation and also a review of the existing poultry housing and management. These improvement conditions can be found on page 8 of your permit.

Please note that these reviews are due to be completed and sent to the Agency by the 31st of August 2008.

In order to assist you complete the reviews please find enclosed relevant guidance notes.

If you have any queries regarding the reviews then please contact me 02920 245 272.

Yours sincerely
