Dear Mr Whistance

SITE INSPECTION – THE PADDOCKS

Thank you for taking part in the site inspection of The Paddocks on 12th January 2009

The visit did not identify any breach of your permit and as such you are fully compliant with your permit conditions, and you have met your two improvement conditions of submitting housing and drainage reviews.

During the we discussed the drainage for the sites, particularly the swales that run behind buildings 2 and 3, I can confirm than our guidance for compliance with your PPC permit 'How to comply' includes swales as suitable interception. As such you should ensure that the swales are well maintained.

Thank you once again for your time. Please contact me if you have any questions about this letter or the regulations.

Yours sincerely
