

Permit Number: EPR/UP3898FQ

Operator: Sims Group UK Limited

Facility: Sims Group UK Limited

Form Number: Water1

Reporting of emissions to water (other than to sewer) and land for the period from 01/10/2016 to 31/12/2016

| Emission Point | Substance / Parameter | Emission | | Result ^[1] | Test Method ^[2] | Sample Date and Times ^[3] | Uncertainty ^[4] |
|----------------------------------------------------|------------------------|-------------|-----------------------------|-----------------------|----------------------------|--------------------------------------|----------------------------|
| | | Limit Value | Reference Period | | | | |
| Afon Nedd Point (3) on the site plan in schedule 7 | Total Suspended Solids | 40 mg/l | Instantaneous (spot sample) | 23 mg/l | BS EN 872 | 08/12/2016 | +/-1 mg/l |

[1] The result given is the maximum value (or the minimum value in the case of a limit that is expressed as a minimum) obtained during the reporting period, expressed in the same terms as the emission limit value. Where the emission limit value is expressed as a range, the result is given as the 'minimum – maximum' measured values.

[2] Where an internationally recognised standard test method is used the reference number is given. Where another method that has been formally agreed with the Environment Agency is used, then the appropriate identifier is given. In other cases the principal technique is stated, for example gas chromatography.

[3] For non-continuous measurements the date and time of the sample that produced the result is given. For continuous measurements the percentage of the process operating time covered by the result is given.

[4] The uncertainty associated with the quoted result at the 95% confidence interval, unless otherwise stated.
