Thank you for your application received on 4th February 2021. The following is to confirm our pre-application meeting of 20th September 2018.

We need to ask you for some more information before we can do any more work on it. Please would you provide us with more information to question 3d3 of EPR Form C2. We need a summary of your Environmental Management System (EMS) which includes a summary of each section of your EMS. The EMS should meet the requirements of the relevant guidance document – 'How to comply with your environmental permit'.

When we receive the missing items we'll continue to check the details in your application. If there's enough there for us to begin the process of deciding whether or not we can grant your application we say the application is 'duly made' and we'll let you know this by letter.

Yours sincerely
