Introductory note

This introductory note does not form a part of the notice

The following notice gives notice of the variation of an environmental permit.

This variation is to add one additional waste code 19 08 01 (screenings from waste water treatment works) to the list of permitted wastes and to add management documents as incorporated into Table S1.2 to reflect the addition of the new waste code.

The schedules specify the changes made to the original permit.

The status log of a permit sets out the permitting history, including any changes to the permit reference number.
