Compliance inspection report for Trostrey Court Poultry Farm FP3836MU

Dear Mr. Morgan

Thank you for taking part in the site inspection on the 17th of February and I am pleased to let you know that the activities we inspected are fully compliant with the following regulations:

- **Pollution Prevention and Control Regulations (PPC) 2000**

Thank you for the copy of the Pollution Inventory form and for completing the work undertaken on site since my previous visit, which has successfully addressed the issues highlighted, namely the bunding of the oil tank and the site sign.

As discussed, as part of your IPPC poultry Permit you have two standard improvement conditions which require you to complete a housing and drainage review for the site. I have enclosed the guidance and forms needed to complete each review. Once the reviews have been completed, please return them to me at the address marked below.

Once again, thank you for the time spent during the visit, and for the time you spent explaining the site operations to my colleague Sarah. Please don't hesitate to contact me if you have any questions about this letter or the regulations.

Yours sincerely

Geraint
