Introductory note

This introductory note does not form a part of the notice

The following notice gives notice of the variation of an environmental permit.

This is an operator initiated variation to:

- increase annual throughput from 25,000 tonnes per annum to 120,000 tonnes per annum
- increase the permitted area. The permitted area does not include the building identified as "Area A" on the site plan in schedule 7, as this is covered by a separate permit under EPR/KP3790VF

The schedules specify the changes made to the original permit.

The status log of a permit sets out the permitting history, including any changes to the permit reference number.
