### Introductory note

#### This introductory note does not form a part of the notice

The following notice gives notice of the variation of an environmental permit.

This variation comprises an operator lead variation to increase the annual throughput of the site and the storage capacity. It also includes a regulator initiated variation to include an improvement condition requiring the operator to submit a Fire prevention and mitigation plan, include the relevant fire conditions within the permit and update table S1.2 Operating techniques to include the fire prevention and mitigation plan guidance and the fire prevention and mitigation plan itself.

The schedules specify the changes made to the original permit.

The status log of a permit sets out the permitting history, including any changes to the permit reference number.

## 1.2 Permitted wastes

### *Permitted quantities of wastes*

1.2.2 The total quantity of waste accepted at the site per year shall not exceed 45,000 tonnes.

The following conditions are amended as detailed, following a Natural Resources Wales initiated variation

### 4.3 Fire

- 4.3.1 The operator shall manage and operate the activities in accordance with a written fire prevention plan using the current, relevant fire prevention plan guidance.
- 4.3.2 The operator shall:
- (a) if notified by Natural Resources Wales that the activities could cause a fire risk, submit to Natural Resources Wales a fire prevention plan which identifies and minimises the risks of fire;
  - (b) Operate the activity in accordance with the fire prevention plan, from the date of submission, unless otherwise agreed in writing by Natural Resources Wales.

### Schedule 3 – conditions to be added

The following conditions are added as detailed, following a Natural Resources Wales initiated variation

### 1.13 Operating techniques

- 1.13.1 (a) The activities shall, subject to the conditions of this permit, be operated using the techniques and in the manner described in the documentation specified in table S1.13, unless otherwise agreed in writing by Natural Resources Wales.
- (b) If notified by Natural Resources Wales that the activities are giving rise to pollution, the operator shall submit to Natural Resources Wales for approval within the period specified, a revision of any plan or other documentation (“plan”) specified in table S1.14 or otherwise required under this permit which identifies and minimises the risks of pollution relevant to that plan, and shall implement the approved revised plan in place of the original from the date of approval, unless otherwise agreed in writing by Natural Resources Wales.
