Schedule

1. As both the annual throughput and the storage volumes are being increased as part of this variation we require you to submit a fire prevention and mitigation plan. This plan should be meet with our current guidance which can found [here](#) and should be a stand alone document.
Action: Provide a Fire prevention and mitigation plan (FPMP) in line with our current guidance.
2. We require an odour management plan to be submitted this should be inline with our H4 guidance which can be found here: The plan should be updated to reflect the changes to be made as part of this variation. How to comply with your environmental permit outlines on page 46 which facility types require an OMP. As you are operating a waste transfer station and you are accepting potentially odour wastes an OMP is required. The H4 guidance can be found [here](#).
Action: Please provide an OMP in line with our current guidance that takes into
