Dear Terry

RE: Section 59 Enforcement Notice

On the 10th December 2012 Natural Resources Wales (formally Environment Agency Wales) served a Section 59(1)(a) Notice under the Environmental Protection Act 1990 on you to remove controlled waste from Unit 8 Ferryboat close, Llansamlet, Swansea.

The notice period began on 10th December 2012 and ended on 10th June 2013. As you are aware an extension to the notice period was granted which was due to expire on Thursday 19th December 2013.

As an environmental permit has been issued recently we have decided to withdraw the Section 59 notice that is in place on site. Please note that we will continue to work with you to assess all areas of the site surface and intend to do this through our regulatory work in site inspections.

You must continue to clear the site of wastes so the site surface throughout the yard can be inspected. Failure to comply with this request could potentially result in enforcement action.

If you have any questions regarding this letter, please contact me on the details below.

Yours sincerely

David Morgan
