### Planting Schedule

Variety of species can be used i.e. Birch, Hazel, Ash, Field Maple, Goat Willow. Any cut stems of willow of 50mm diameter to 100mm diameter to be re-used as short stakes driven into ground to be a re root. Both sides of the bund will be over sown with suitable wildflower seed mix to stabilise and establish a graded bank. Planting at the top of the bank will comprise a mix of transplants (approx. 450mm in height) and feathered trees (approx. 1.2m high, 20-50mm girth, 3 and 5 years old) to give instant height.
