**Subject:** FW: Environmental permitting advice and guidance

Hi Stuart,

Thanks for visiting site today.

Please see below an email trail between myself and NRW, including their confirmation of our site boundary's being outside of the Great Crested Newts areas.

Kind regards,

**Luke Styles** Grad IOSH

Hi Luke,

Thanks for the email and attached information.

I ran a quick check with a permitting colleague prior to sending you the advice letter and they informed me that their check showed your boundary outside of the Great Crested Newt area.

I hope this helps. Let me know if you would like me to discuss anything directly with your consultant or if you would like a further pre-application meeting.

Kind regards

Lara Moggridge

**Subject:** RE: Environmental permitting advice and guidance

Hi Lara,

Please see attached an email from our environmental consultant where he has given us information to help us with getting this permit into place.

He is of the understanding that we don't have a 'Great Crested Newts' site within 500 metres, however I did mention that NRW had identified a site near us. He has asked us to check with you in case you have information that he hasn't been able to find. He said that the nearest great crested newts site is approx. 2km away.

Could you just confirm your understanding of this as I believe it will impact on which permit we need to apply for. We are hoping to be eligible for the standard permit.

I look forward to your response.

Kind regards,

Hi Lara,

Thanks for the information you provided us contained within your letter.

I would just like to update you on where we are:

- We are in the process for obtaining planning permission.
- We intend on applying for a standard rules permit (SR2009no6).

We have been in contact with a consultant who will assist us with submitting the application as well as with the initial stages, ensuring we comply with the permits requirements.

We will ensure that the application is submitted by the end of April as requested.

Kind regards,

**Luke Styles** Grad IOSH

Hi both,

We have finally managed to work through your business activities and requirements under environmental legislation. Please find attached a letter containing advice and guidance on obtaining the relevant permit for your activities.

Please let us know if you have any questions.

Kind regards

**Lara Moggridge**
