

Application for a Band 1 Marine Licence

Project description

Project name

MWC1059 Carreg Y Groes

Please provide a brief description of the proposed project, including location.

Maintenance of 55m stretch of wall as part of Network Rail infrastructure that carries the LJT1 railway from Llandudno Junction to Blaenau Ffestiniog. Maintenance work includes removing some growing vegetation from outside face of wall, repair of top capping, voids & cracking and re-point stone work.

Applicant details

To whom the licence will be issued. This must be a legal entity such as an individual, registered company/ charity or public body.

Title	Registered Company
Full name	Amalgamated Construction Ltd
Company or trading name	AmcoGiffen
Company Registration Number (if applicable)	00995892
Name of contact or individual (if different)	Fiona Bussell
Position in company	Senior Sustainability & Assurance Advisor
Address (provide registered company address if applicable)	3175 Century Way Thorpe Park Leeds
Postcode	LS15 8ZB
Telephone number	01226 243413
Email address	fiona.bussell@amcogiffen.co.uk

Details of agent, contractor, vehicles and/or vessels used to carry out works

Does the applicant wish to be included in all correspondence?

Yes

Will the works require the use of vessels?

No

Will the works require the use of any vehicles?

No

Proposed project details

Licensable period

Determination of applications will be based on the works taking place during these dates. Please ensure you have included an adequate contingency period. If works are not completed by the requested licence expiry date you may be required to submit a new application. Including a contingency period within your original application does not impact on the licence fee.

Start date (DD/MM/YYYY) 14/06/2022

Requested licence expiry date (DD/MM/YYYY) 31/12/2022

Please detail the location of the proposed project.

This should be either Ordnance Survey National Grid Reference (i.e. SN 12345 67890) or Latitude and Longitude in decimal degrees to 4 decimal places (i.e. Lat 52.1234 Long -4.1234), defining the extent of the project. Please specify which coordinate system has been used and if using GIS co-ordinates, specify which projection has been used.

Start point of wall - Latitude: 53.2598 , Longitude: -3.8098

End point of wall - Latitude: 53.2596 , Longitude: -3.8102

Method statement

Are the works within a sensitive area or one of the following activities: boreholes, replacement piles or beach management?

Yes

Band 1 method statement template

You can upload your method statement here or fill in the questions below.

Environmental mitigation

Please list appropriate mitigation measures to minimise impacts on the marine environment these may include: Pollution prevention and control procedure (guidance available on the NetRegs website) Spill response kits Minimise plant traffic Designated access and egress routes Storage of materials (fuel, chemicals, construction waste) Biosecurity (guidance available at <http://www.snh.gov.uk/docs/A1294630.pdf>)

Note: To assist you, the following mitigation statements will be used as conditions within the licence. By signing this method statement you will be agreeing to adhere to these restrictions. If you are unable to do this, the application will not qualify as Band 1. All equipment, temporary structures, access tracks, waste and/or debris associated with the works will be removed on completion of the works. Bunding, storage facilities and spill kits will be employed to contain and prevent the release of fuel, oils and chemicals associated with the plant, refuelling and construction equipment into the marine environment. Plant, vehicles and machinery will not be refuelled on the foreshore. Coatings and treatments will be suitable for use in the marine environment and are used in accordance with best environmental practice. All equipment, materials, machinery and PPE used will be in a clean condition prior to their arrival on site, and upon removal from site, to minimise risk of introducing non-native species into the marine environment. In the event of removal of any sensitive species or habitat designated by NRW under Schedule 7 of the Environment (Wales) Act 2016, no further removals will occur at that location or within 20m of that location.

Please list your bespoke mitigations here:

An ecologist will go ahead of the site team and assess the works area for evidence of any protected species. Should any evidence of species be found, works will not be allowed to take place until further surveys or appropriate mitigations are in place.

There is no direct work or interaction with the water and marine environment.

No polluting substances will be allowed to enter the marine environment. Secondary containment used beneath re-pointing activity to catch any arisings.

Any removed vegetation will be contained and carefully lifted trackside to minimise risk of vegetation falling into water.

Small quantities of mortar will be used at any one time to fill open joints and cracks and applied by hand to control amounts.

No refuelling of equipment on within immediate vicinity of the Afon Conwy.

All materials, equipment and waste will be stored securely and removed from trackside on a track trolley back to access point.

Additional information

Please list any additional information that may help with the application:
Consents/permissions required List of plans or drawings attached to method statement
Emergency procedures Contact details

No planning permission required as carrying out maintenance of behalf of Statutory Undertaker.

Materials of the project

Description of materials to be deposited seaward of Mean High Water Springs (MHWS)
(Please tick all that apply)

Other (please provide a description of materials):
Mortar

Delivery method of materials to site

If sea delivery, details of vessels to be used with a chart of proposed route and transshipment area is required. If delivery is by vehicle, the details about the proposed access route are required. Please indicate if you are providing details in a separate file.

Via railway on a track trolley.

Will the works involve removals seaward of MHWS?

No

Additional information

Please provide the following:

You must include a suitably scaled extract of an Ordnance Survey Map or Admiralty Chart with location of project complete with north arrow and scale

You must include details of correspondence with MCA, Trinity House and The Crown Estate

Please upload these below

- File: MWC1059 - Ordnance Survey Map.pdf - [Download](#)
- File: MCGA Correspondence for MWC1059.pdf - [Download](#)
- File: Trinity House Correspondence for MWC1059.pdf - [Download](#)

Please list below all supporting documents that have been submitted with this application.

MWC1059 - Method Statement
MWC1059 - Ordnance Survey Map
MCGA Correspondence for MWC1059
Trinity House Correspondence for MWC1059

Statutory powers

Does the applicant have statutory powers to consent any aspect of the project? e.g. coast protection authority, dredging powers, statutory undertakers

No

If yes, please give details and state the relevant legislation that gives these powers.

Only acting on behalf of Statutory Undertaker (Network Rail).

Public register

Is there any information contained within or provided in support of this application that you consider should NOT be included on the Public Register on the grounds that its disclosure:

	Yes	No
Would be contrary to the interest of National Security?		X
Would prejudice to an unreasonable degree you, or some other person's commercial interest or those of a third party?		X

Application fee

Please provide the method of payment

BACS

Reference number (not BACS remittance no.)

MWC1059

Declaration

I declare that to the best of my knowledge and belief that the information given in this application form and supporting documentation is true.

WARNING: It is an offence under the Marine and Coastal Access Act 2009, under which this application is made, to fail to disclose information or to provide false or misleading information. This could invalidate any licence granted.

Name Fiona Bussell
