A detailed explanation is captured in "Compliance Assessment Report Detail" (Section 2) and any actions you may need to take are given in the "Action(s)" (section 4). NRW Officer D Downes and J Jowett on site; purpose of visit routine site inspection to assess compliance. Met with site manager Tahir Karim.

A1 - Specified by Permit - CAT 3 Breach - Permit Condition E18; no waste shall be burnt with the boundaries of the facility.

During a routine site inspection NRW Officers witnessed a tyre burning in a 45 gallon drum. It was evident that the operator had been burning a number of tyres as there was a tyre ash pile next to the drum and a pile of steel tyre wires contained in an 8 yard skip also adjacent to the drum.

It is an offence contrary to Section 33(1) of the Environment Protection Act 1990 to burn controlled waste. Natural Resources Wales will now consider what formal action is appropriate and notify you.
