Introductory note

This introductory note does not form a part of the notice

The following notice gives notice of the variation of an environmental permit.

This administrative variation allows the operator to accept additional waste types that are similar in nature to those already accepted at the site. Waste codes 20 01 40, 20 01 41, 20 02 01, 20 02 02, 20 02 03, 20 03 01 and 20 03 07 have been added. The operator also requested waste code 20 01 39 be added. However, this waste code was already permitted. No other changes are to be made to the permit.

The schedules specify the changes made to the original permit.

The status log of a permit sets out the permitting history, including any changes to the permit reference number.
