22 May 2015

Dear Sir / Madam

Green Recyclates Manufacturing Facility, Rhymney International Green Investments Holding Portfolio Ltd

International Green Investments Holding Portfolio Ltd (IGIHP) propose to construct and operate a Green Recyclates Manufacturing Facility for the purpose of the recycling of tyres and production of Thermoplastic elastomers (TPE) pellets for onwards supply, as a non-waste product.

The facility is located at:

Heds of the Valleys Industrial Park, Rhymney, Caerphilly, NP22 5RN

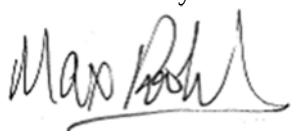

Following our previous communications and pre-application meetings we are now submitting the environmental permit application documents on behalf of IGIHP, in digital format. The application documents submitted, listed below, are as agreed with Nadine Jones at the pre-application meeting on the 1st May 2015.

- EP OPRA;
- H1 Risk assessment;
- H1 Accident and Amenity risk assessment;
- Site location drawing; and
- Site layout plan.

Additional application document will be provided subsequently, to cover the outstanding information required for the permit application, including the site condition report and a supporting information document. Once all documents are submitted we will also submit 3 hard copies of the application document, as required. The application fees will also be provided at this time.

If you have any queries please contact me at the email or phone number above.

Yours sincerely

Max Rooksby
Senior Environmental Scientist

CC

Nadine Jones,
William Powell,
Louise Bailey
