As discussed during our phone calls and emails since 21 August 2015, the application you have submitted is incomplete, with significant amounts of information missing from the application. We understand that the original submission was intended to contain only part of the information required and that you were intending to submit the remaining information and fee at a later date. You have not been able to provide the missing information since the original submission was made and are unsure of when the information will be available. Unfortunately this means your application is not duly made and we must return it to you.

You may resubmit your application. We recommend that you talk to your local area office about your application before you complete it. Please call 0300 065 3000 and ask to speak to your local area office or your site officer.

If you operate a regulated facility without a permit, you would be committing an offence and would be liable to prosecution.

If you have any questions please phone me on 0300 065 4550 or email alys.rook@cyfoethnaturiolcymru.gov.uk.

Yours sincerely
