

	EPR Compliance Assessment Report	Report ID: 30277/0229385			
This form will report compliance with your permit as determined by an NRW officer					
Site	Rhondda Skip Hire		Permit Ref	EPR/WP3797ED EAWML 30277	
Operator/ Permit holder	Cwm Rhondda Waste Management Services Ltd				
Date	14/01/2015		Time in	12:00	Out 12:30
What parts of the permit were assessed	Infrastructure, storage, amenities & records				
Assessment	Site Inspection	EPR Activity:	Installation	Waste Op	X Water Discharge
Recipient's name/position	Andrew Trembeth				
Officer's name	William Powell		Date issued	16/01/2015	

Section 1 - Compliance Assessment Summary					
This is based on the requirements of the permit under the Environmental Permitting Regulations. A detailed explanation and any action you may need to take are given in the "Detailed Assessment of Compliance" (section 3). This summary details where we believe any non-compliance with the permit has occurred, the relevant condition and how the non-compliance has been categorised using our Compliance Classification Scheme (CCS). CCS scores can be consolidated or suspended, where appropriate, to reflect the impact of some non-compliances more accurately. For more details of our CCS scheme, contact your local office.					
Permit Conditions and Compliance Summary				Condition(s) breached	
a) Permitted activities	1. Specified by permit	A			
b) Infrastructure	1. Engineering for prevention & control of pollution	A			
	2. Closure & decommissioning	NA			
	3. Site drainage engineering (clean & foul)	N			
	4. Containment of stored materials	N			
	5. Plant and equipment	N			
c) General management	1. Staff competency/ training	N			
	2. Management system & operating procedures	A			
	3. Materials acceptance	A			
	4. Storage handling, labelling, segregation	A			
d) Incident management	1. Site security	N			
	2. Accident, emergency & incident planning	N			
e) Emissions	1. Air	N			
	2. Land & Groundwater	N			
	3. Surface water	N			
	4. Sewer	N			
	5. Waste	NA			
f) Amenity	1. Odour	N			
	2. Noise	N			
	3. Dust/fibres/particulates	A			
	4. Pests, birds & scavengers	N			
	5. Deposits on road	A			
g) Monitoring and records, maintenance and reporting	1. Monitoring of emissions & environment	N			
	2. Records of activity, site diary, journal & events	A			
	3. Maintenance records	N			
	4. Reporting & notification	N			
h) Resource efficiency	1. Efficient use of raw materials	NA			
	2. Energy	NA			
KEY: C1, C2, C3, C4 = CCS breach category (*suspended scores are marked with an asterisk), A = Assessed (no evidence of non-compliance), N = Not assessed, NA = Not Applicable, O = Ongoing non-compliance – not scored					

Number of breaches recorded	0	Total compliance score (see section 5 for scoring scheme)	0
-----------------------------	---	--	---

If the Total No Breaches is greater than zero, then please see Section 3 for details of our proposed enforcement response

Section 2 – Compliance Assessment Report Detail

This section contains a report of our findings and will usually include information on:

- the part(s) of the permit that were assessed (e.g. maintenance, training, combustion plant, etc)
- where the type of assessment was 'Data Review' details of the report/results triggering the assessment
- any non-compliances identified
- any non-compliances with directly applicable legislation
- details of any multiple non-compliances
- information on the compliance score accrued inc. details of suspended or consolidated scores.
- details of advice given
- any other areas of concern
- all actions requested
- any examples of good practice.
- a reference to photos taken

This report should be clear, comprehensive, unambiguous and normally completed within 14 days of an assessment.

Site inspection with officer Will Powell, also onsite was director Andrew Trembeth and technical competent manager Alyson Kendall. The weather had recently been snowy - site was wet with melt water.

No breaches were scored during this visit, however there were some issues onsite, discussed below:

Infrastructure

Due to the recent wet weather, the site had become very muddy and mucky around the hardstanding area of the lower yard. The hardstanding has still held up, and staff were taking care not to damage the hard standing surface. Aside from a layer of sludge, water is not pooling on site like it has done previously. Care must be taken with vehicles leaving site not to spread mud onto the public road, and any mud or debris that is spread, cleared up as soon as possible.

Management

There is a high volume of waste currently onsite. As often occurs over the Christmas period, more skips tend to be received onsite than leave, resulting in a build up of waste. No complaints have been received about the volume of waste, however the current volume looks to be pushing the 350m². Waste was stored on the concrete pad, and in many skips around the yard.

We discussed how the volume of waste should be managed over the next month or so. Two loads are expected to go to Viridor next month. In the meantime you will need to make sure waste flow is managed, so that more waste leaves site than comes into site. It was agreed that we would review this situation in around a fortnight, to see how the levels of waste onsite are being managed.

Amenity

Litter - Despite recent high winds, efforts have been made to cover waste stored on site with tarpaulin. Staff continue to undertake litter picks regularly, and no perimeter litter was noted during the visit.

Mud, debris or deposits on the road - As previously mentions the hard standing area of the site has developed a layer of sludge, that risks being spread out onto the public road. No mud or debris on the road was noted during visit, and site continues to sweep and clear the road at the end of each day.

	EPR Compliance Assessment Report	Report ID: 30277/0229385	
This form will report compliance with your permit as determined by an NRW officer

Operator/ Permit	Cwm Rhondda Waste Management Services Ltd	Date	14/01/2015

Section 2 – Compliance Assessment Report Detail

Records

During the visit a van came onto site to tip some soil onto the rubble pile. Whilst a waste carriers check was undertaken, a waste transfer note was not initially received. When the issue was raised with the site Alyson Kendal contacted the waste carrier and the transfer note was given. No further issues with site records.

Please note, waste returns for Oct - Dec will be due at the end of this month (31st January). The NRW waste return guidance can be found at <http://www.naturalresourceswales.gov.uk/policy-and-guidance/waste-policy/new-wales-operator-waste-return-and-deadlines-for-returns/?lang=en>

Section 3- Enforcement Response

Only one of the boxes below should be ticked

You must take immediate action to rectify any non-compliance and prevent repetition. Non-compliance with your permit conditions constitutes an offence and can result in criminal prosecutions and/or suspension or revocation of a permit. Please read the detailed assessment in Section 2 and the steps you need to take in Section 4 below.	
Other than the provision of advice and guidance, at present we do not intend to take further enforcement action in respect of the non-compliance identified above. This does not preclude us from taking enforcement action if further relevant information comes to light or advice isn't followed.	X
In respect of the above non-compliance you have been issued with a warning. At present we do not intend to take further enforcement action. This does not preclude us from taking additional enforcement action if further relevant information comes to light or offences continue.	
We will now consider what enforcement action is appropriate and notify you, referencing this form.	

Section 4- Action(s)

Where non-compliance has been detected and an enforcement response has been selected above, this section summarises the steps you need to take to return to compliance and also provides timescales for this to be done.

Criteria Ref.	CCS Category	Action Required/Advised	Due Date
See Section 1 above			
C3	A	Monitor waste levels, and ensure more waste is leaving site than is being brought onto site.	02/02/15

Section 5 - Compliance notes for the Operator

To ensure you correct actual or potential non-compliance we may

- advise on corrective actions verbally or in writing
- require you to take specific actions in writing
- issue a notice
- require you to review your procedures or management system
- change some of the conditions of your permit
- decide to undertake a full review of your permit

Any breach of a permit condition is an offence and we may take legal action against you.

● We will normally provide advice and guidance to assist you to come back into compliance either after an offence is committed or where we consider that an offence is likely to be committed. This is without prejudice to any other enforcement response that we consider may be required.

● Enforcement action can include the issue of a formal caution, prosecution, the service of a notice and or suspension or revocation of the permit.

See our Enforcement and Civil Sanctions guidance for further information

This report does not relieve the site operator of the responsibility to

- ensure you comply with the conditions of the permit at all times and prevent pollution of the environment
- ensure you comply with other legislative provisions which may apply.

Non-compliance scores and categories

CCS category	Description	Score
C1	A non-compliance which could have a major environmental effect	60
C2	A non-compliance which could have a significant environmental effect	31
C3	A non-compliance which could have a minor environmental effect	4
C4	A non-compliance which has no potential environmental effect	0.1

Operational Risk Appraisal (Opra) - Compliance assessment findings may affect your Opra score and/or your charges. This score influences the resource we use to assess permit compliance.

Section 6 – General Information

Data protection notice

The information on this form will be processed by the Natural Resources Wales (NRW) to fulfill its regulatory and monitoring functions and to maintain the relevant [public register\(s\)](#). The NRW may also use and/or disclose it in connection with:

- offering/providing you with its literature/services relating to environmental matters
- consulting with the public, public bodies and other organisations (e.g. Health and Safety Executive, local authorities) on environmental issues
- carrying out statistical analysis, research and development on environmental issues
- providing public register information to enquirers
- investigating possible breaches of environmental law and taking any resulting action
- preventing breaches of environmental law
- assessing customer service satisfaction and improving its service
- Freedom of Information Act/Environmental Information Regulations request.

The NRW may pass it on to its agents/representatives to do these things on its behalf. You should ensure that any persons named on this form are informed of the contents of this data protection notice.

Disclosure of information

The NRW will provide a copy of this report to the [public register\(s\)](#). However, if you consider that any information contained in this report should not be released to the public register(s) on the grounds of commercial confidentiality, you must write to your local area office within twenty working days of receipt of this form indicating which information it concerns and why it should not be released, giving your reasons in full.

[Customer charter](#)

What can I do if I disagree with this compliance assessment report?

If you are unable to resolve the issue with your site officer, you should firstly discuss the matter with the officer's line managers. If you wish to raise your dispute further through our official [Complaints](#) and Commendations procedure, phone our general enquiry number 0300 065 3000 (Mon to Fri 08.00–18.00) and ask for the [Customer Contact](#) team or send an email to enquiries@naturalresourceswales.gov.uk. If you are still dissatisfied you can make a complaint to the [Public Services Ombudsman for Wales](#). For advice on how to complain to the Ombudsman phone their helpline on 0845 607 0987.
