Introductory note

This introductory note does not form a part of the notice

The following notice gives notice of the variation of an environmental permit.

This is an administrative variation of a Tier 3 bespoke permit. 12 new waste codes have been added via Schedule 2 which do not alter the nature of the facility's operation or increase the environmental risk posed.

- 16 06 04, 17 01 01, 17 01 02, 17 01 03, 17 01 07, 17 08 02, 20 01 01, 20 01 02, 20 01 10, 20 01 11, 20 01 25 and 20 01 39.

In addition to the new waste types, a typographical error in Appendix A Permitted Wastes (Condition 2.1.) is corrected from **16 06 05** (construction materials containing asbestos) to **17 06 05** (construction materials containing asbestos).

The schedules specify the changes made to the original permit.

The status log of a permit sets out the permitting history, including any changes to the permit reference number.
