Introductory note

This introductory note does not form a part of the notice.

The following notice gives notice of the variation of an environmental permit.

This variation adds inert mining waste operations to an existing standalone water quality discharge consent. Both activities will now be incorporated under this permit.

The Schedules specify the changes made to the original permit.

Schedule 1 of the notice lists any conditions that have been deleted, Schedule 2 of the notice lists any amended conditions and Schedule 3 of the notice lists any conditions that have been added. The new site plan is attached in Schedule 4.

The status log of a permit sets out the permitting history, including any changes to the permit reference number.
