## NOTES TO HELP YOU TO COMPLETE THIS NOTICE

1. If you are attaching a list of consents (as prepared by us from the NRA Register as on 31/3/96) then please overwrite the top section of this notice with the words 'Consents as on attached signed and dated list'. You should thoroughly check this list and modify and initial where necessary before signing and dating each page of the list and attaching to this completed notice. You may of course use your own list of consents you propose to rely on provided that the information above is included in full and each page is signed and dated.
2. In addition to an individual, a 'person' in legal terms may refer to a 'body corporate' (e.g. public limited company ('plc'), limited company, local authority etc.). In these cases the body corporate will be registered as the consent holder. The person signing on behalf of the body corporate will be the person who has the power to do so (usually the Company Secretary for a plc or limited company, the Chief Executive for a local authority etc). The legal validity of the signatory is the responsibility of the body corporate. If you are signing with the delegated authority of the body corporate, please indicate your job title.
3. Legal advice may be advisable for some situations (e.g. grant maintained schools outside of local authority control).
4. If you are a partnership or registered charity then up to 4 partners/trustees should individually complete this notice. These partners/trustees will then be registered as joint consent holders.
5. If you share the making of the discharge(s) with another person(s) then you should all complete the notice and be registered as joint consent holders. (e.g. householders individually and severally discharging via a common private sewage treatment works).
6. If in doubt, it may help to consider the 'person' as the person, either individually or severally, who would apply for the consent if an application were in future to be made to the Environment Agency. Under the amended legislation, ONLY the registered consent holder may in future apply to the Agency for a variation of the consent.

NOTE: The responsibility for this notice rests entirely with you and the Agency cannot be held responsible in any way for mistakes made as a result of the notes above (or otherwise) which are given in good faith.

Dear Sir,

Cwmbargoed Disposal Point, Merthyr Tydfil.

Please find enclosed the Authority's consent No. AE 2013404 for the discharge of opencast drainage under storm condition from the above facility. You will notice that I have also enclosed a review No. AE 2013403 of the existing discharge. This has been necessary in order to include a flow figure, which has been derived from the rate you propose to treat the effluent at the treatment plant, for the charging scheme which came into force on the 1st July.

I realise that the attenuation ponds have not yet been constructed so I would advise that you inform Mr. John Fraser, Consents Officer based at St. Mellons when Pt C1 comes into force. This will enable him to make the appropriate allowances to your charge for this outlet.

Yours faithfully,

*H Price*
