Schedule

1. Technical competence

As evidence of technical competence, you have supplied a sales invoice from CIWM Enterprises Ltd for Jason Taylor, and Victor Garrick for the Environmental Permitting Operators Certificate (EPOC) award.

However the transfer of hazardous waste is a high risk activity as set out on the [WAMITAB Risk Tiers table](#). The EPOC award only covers low risk activities. To benefit from the grace period i.e. having 12 months to obtain the full award, Jason Taylor and Victor Garrick need to be registered to take the hazardous transfer award (4MTSH).

In your email of 12/02/16 you have acknowledged the above as correct. You have also confirmed that “Jason Taylor and Victor Garrick will be applying for WAMITAB Level 4 Diploma in Waste management Operations: Managing Transfer; Hazardous waste and will be completing this within a year of date of issue of the Environmental Permit.”

However to be able to issue an Environmental Permit we need proof of registration from the training provider, that the nomination competent persons (in this case Jason Taylor and Victor Garrick) have registered for the relevant award. Without this the proposed operator would not meet the definition of competent operator as set out in [RGN 5 Operator competence](#), and we are unable to issue the permit.

ACTION:

Supply proof of registration for Jason Taylor and/or Victor Garrick for the hazardous transfer award (4MTSH).
